**Moceri Management Celebrates Nine Years as a  
Full-service Meeting and Event Management Company**

Atlanta (October 23, 2008)—Moceri Management, a certified Women’s Business Enterprise, celebrates its ninth anniversary this year. The company delivers meetings, events, marketing and consulting services nationwide. From selecting sites to staffing events, Moceri Management works to ensure that every aspect of an event is carefully planned and executed.

Specializing in medical meetings and events, the company provides its clients with a full spectrum of services which include logistical planning, event design, marketing and communications, and full technical production. The team also utilizes cutting edge technologies that enable participants to converse and view surgical procedures in real time. Some of their clients include Abbott Vascular, American College of Cardiology, Georgia Transplant Foundation (GTF), Mayo Clinic, and The University of Miami.

Three years ago, Moceri Management began an ongoing relationship as the logistical force behind an Abbott Vascular customer appreciation event for over 1000 industry professionals. Speakers at the event have included General Colin L. Powell, USA (Ret.), journalists Barbara Walters and Cokie Roberts, and basketball star Magic Johnson. According to Jill Diamond, director of educational services, “Placing a superb educational event in a beautiful social setting allows Moceri Management’s team to showcase how we flawlessly execute an event as well as deliver a streamlined message.”

In June 2004, Moceri Management entered an agreement with the American College of Cardiology to merge their successful Intervention200X meeting into the i2 Summit: Innovation in Intervention. Moceri Management produced 10+ live cases that were broadcast to 4,000+ attendees and additional international locations via satellite.

Moceri Management specializes in medical and corporate events but is now expanding further into the social/corporate sector with the launch of connect.event June 4, 2008. The event occurs quarterly and is designed to bring Atlanta's professionals together for an evening of networking. The last event drew a crowd of over 250. The next connect.event will be at LOLA Bellini Bar on October 28, 2008 at 5:30 p.m.

To expand further, Moceri Management will launch a sister company in early 2009. "Moceri Management is a well founded meeting and event management company in the medical industry. We are looking forward to providing that same level of service to the social and corporate events industry," says Eileen Roehl, managing director of programs.

The company began as a one-woman venture in Chief Executive Officer Toni Knopf's home in 1999 and has grown to become a full-service operation. With the addition of new hires Weslie Boyd and Shana Brand, Moceri Management continues to grow and thrive. Moceri Management manages approximately 10-15 meetings and events each year that range in size from 10 to 4,000 attendees.

"We pride ourselves on exceeding expectations, and I look forward to what the future holds," says Knopf.

Over the past nine years, Moceri Management has won numerous awards including being named by the Atlanta Business Chronicle as one of "Atlanta's Best Places to Work" in 2005. Additionally, Knopf has been acknowledged as one of the Top 10 "Ones to Watch" by Catalyst Magazine and one of the "Top 25 Power Women to Watch" by Atlanta Woman Magazine.

Join Moceri Management Tuesday, October 28, 2008 at LOLA Bellini Bar at 5:30 p.m. for the next connect.event. To RSVP to the event or for more information on Moceri Management's services, please visit [www.MoceriMgmt.com](http://www.MoceriMgmt.com) or call (404) 459-6990.
